Dear Terry,

This letter is to confirm that The Calgary Foundation has approved a \$5,000 Small Grant to the Calgary Arts Development Authority Limited for the new City of Calgary Poet Laureate program.

This grant is renewable for 2011 and 2012 upon the receipt and approval of Interim Reports making the total commitment \$15,000 over three years.

The Calgary Foundation is proud to be involved in this project, which we understand will see poems composed and presented at official City of Calgary events to help raise awareness of local issues and to raise awareness of the local arts community to citizens.

We look forward to hearing more about the project as it progresses. Please let us know when you have the other financial support confirmed. At that point we will generate the first grant installment.

Sincerely,

Dan Thorburn
Vice President, Grants and Community Initiatives
